#### Profile

With nearly 2 decades of experience, **Izian's** practice focusses on banking & finance, including syndicated & club-lending transactions, multi-facility loans, bridging loans, project financing, asset financing, share financing, cross border financing, offshore lending and subordinate debt instruments. She has handled a wide range of complex capital raising exercises involving underwriting and issuance of private debt securities including issuance of bonds, commercial papers and medium term notes (both conventional and Islamic).

#### Practice Area

Banking & Finance, Debt Capital Markets, Islamic Finance

#### Qualifications

LL.B(Hons), University of East Anglia, Norwich, UK.

Certificate of Legal Practice.

Advocate and Solicitor of the High Court of Malaya.

#### Relevant Experience

- Advised a leading local commercial bank to revamp its standard loan documentation in the banking group's migration of 'closed monies' documentation to 'open all-monies' documentation.
- Advised the syndicated financiers in relation to a RM 600 million syndicated term loan facility granted in favour of a FPSO and integrated offshore service provider for the global oil and gas industry to part finance its equity portion of a FPSO vessel charter contract at Tano Basin, off the coast of Ghana.
- Advised a group of international, regional and local financiers from the perspective of Malaysian laws with regard to a USD 450 million multi facilities procured by a member company belonging to Measat Global Berhad's group to part finance the costs relating to the construction and completion of the state-of-the-art MEASAT-3b satellite.
- Advised the syndicated lenders in part-financing the multi-billion Ringgit merger exercise involving a local leading property conglomerate.
- Advised a leading telecommunications provider in relation to a multi-billion Ringgit asset backed Sukuk Ijarah issuance in a deal which created a significant and unique class of Islamic private debt securities that incorporated the features of both a fixed income instrument, as well as an investment in a portfolio of high quality property assets.
